Electric Turbo Heater

environmentally friendly – 100% energy efficiency

MBG-2E

- Heats approximately 23.2 m² (250 sq.ft.)
- Safe, economical and easy to use
- Clean and quiet heat with zero downtime for refueling
- No exhaust, no ventilation
- Full metal casing body with heavy-duty components
- Durable stainless steel heating element
- Safety overheat protection

Built-in fan and insulated handle

Model	MBG-2E
Product number	114001
Btu/Hour	5,100
Watts	1,500
Power (Volts)	120V – 60Hz
Amps	12.5
Operation	Electric
Weight	3.7 kg (8.16 lbs)
Size (cm)	26(H) x 23(L) x 23(D)
Master box	1 pc
UPC Code	7 78047 11263 4

**Built-in
thermostat**
(Automatic temperature control)
